QUARANTINE LAW

SEVERAL DISEASES ADDED TO THAT SECTION BY BOARD.

OTHER MATTERS UP

By the City Council—Judgment for $1,500 Ordered Paid and Wabash Bridge Matter Considered.

At the city council meeting held Friday evening an amendment was adopted by the board adding membranous croup, cerebro-spinal meningitis, infantile paralysis, measles and whooping cough to the ordinance of when the board of health shall quarantine. The new ordinance as adopted reads as follows:

Board of health to quarantine when—The board of health shall immediately establish and maintain a quarantine regulation and shall quarantine every person afflicted with or having the symptoms of smallpox, varioloid, scarlet fever, diphtheria (membranous croup), cerebro-spinal meningitis, infantile paralysis, measles and whooping cough or any other contagious disease that is dangerous to the life or health of the inhabitants of the city or any of them or who have been exposed to any such disease, and also the house, building or premises where such afflicted person may be, and no person or persons shall pass into or out of, to or from any such quarantined premises except by permission first had and obtained from the city physician so to do, until all persons who have or who afterward take such disease have sufficiently recovered therefrom, that such disease will not be by them communicated to any other person, and until such house or premises and all persons thereat have been sufficiently and thoroughly disinfected under the direction of the city physician by the use of formaldehyde, gas or solution or some other germicide of equal efficiency: Provided, that any person who has recovered from any such disease and has been sufficiently disinfected by the city physician may be permitted to leave any such quarantined premises under the direction of the city physician, but shall not return thereto. Every person violating any of the provisions of this section shall, on conviction, be punished by a fine of not less than ten nor more than one hundred dollars for each offense.

Another ordinance adopted was that providing for the use of lead pipe connections with water mains of the city and providing for the filling with sand the excavations made in making connections with the mains, sewers and lateral sewers of the city, the lead pipe to be used from the mains to the curb line. The penalty is a fine of not less than $25 and not over $500.

The council instructed City Marshal Moberly to instruct the property owners in the fire district to connect their closets with the sewer.

Street Commissioner M. I. Woods was instructed to take out the walk on the north side of Everhart's property on First street. He was also instructed to look at the walk of George Diss on East Fourth street, as it has been reported in bad shape.

Taylor Glover's assessment was ordered reduced from $600 to $300, the county court recently making the same reduction, Glover being erroneously assessed.

County Highway Engineer John Clary addressed the board in regard to the sewer under the Wabash bridge on the state road. The Wabash intends to pave the roadway under the bridge, but on account of the sewer being so high, the proper excavation for paving can't be made. Much complaint has been made about the bridge and the roadway under it is always in bad condition. The council referred the matter to their street committee, who will report at the next meeting.

Street Commissioner Woods reports the payment of $362 in poll tax for the year 1913. Of this amount $346 was paid in and $16 worked out by labor.

The judgment of $1,500 against the city was ordered allowed by the council. The money will go to Mrs. J. G. Price, she recently having won her damage suit against the city. The city will not contest the case any further.

A crossing was ordered in near the Mose Hahn property on East Fourth street.

The monthly reports of the various city officers were read and approved. The next meeting of the council will be on December 19.

"No winter," Indians Say.

The Indians of the vicinity of Pierre, S. D., are predicting there will be "no winter" this season. Freak December weather prevails all over the Dakotas, with warm rains and the thermometer well above freezing. In some cases in the state, it is reported, spring flowers are in bloom. The green is returning to the grass and the landscape has the general appearance of spring.

THE INCOME TAX IN A WORD.

Simple Rules for Those Who Come Within the Tax by Collector for This District.

A set of instructions for those who are worrying about the income tax was given out recently by C. G. Burton, collector for the sixth Missouri district, Maryville being in this district. The law is set forth concisely and the statement contains all the average citizen needs to know about the new act. The statement follows.

Who must make returns:

Every corporation, joint stock company, etc., not specifically exempt by paragraph G (a) of the law, no matter how small its income and even though it sustained a loss.

Every person, single or married, having an income of more than $3,000 and not exceeding $20,000; provided that after deducting from said income to much thereof as is derived from dividends or net earnings of corporations, etc., taxable upon their income, and the amount upon which the tax has been withheld at the source, there remains less than $3,000 no return is required.

Every person whose income exceeds $20,000.

Guardians, trustees, executors, administrators, agents, receivers, conservators and all persons, corporations, etc., acting in any fiduciary capacity.

Where returns must be filed:

Every corporation, joint stock company, etc., must file its return with the collector of internal revenue for the district in which its principal place of business is located, viz: Where its books are kept from which its return is made up.

Returns of individuals, guardians, etc., must be filed with the collector of the district in which he or she resides, or has his or her principal place of business.

When returns must be filed:

On or before March 1, 1914, except in cases of corporations, etc., which have designated the end of their fiscal year as some time other than December 31, in which case returns must be filed within sixty days after the close of the fiscal year.

How blanks may be obtained:

Collectors have lists of corporations and blanks will be mailed to them on or before December 31, 1913. Every corporation, etc., not receiving blanks by January 16, 1914, should at once write to the collector for blanks giving full name of corporation, etc., state granting charter and postoffice address.

Every individual should write the collector for blanks.

There are severe penalties for failure to file returns. Failure to receive blanks is no excuse. Field deputies will be appointed to look up delinquents and cause their prosecution.

Every corporation receiving blanks which has never organized, has dissolved, is defunct, was inactive during the year 1913, has changed its name, which went into the hands of a receiver or trustee, or has changed its principal place of business, should at once write the collector, giving full information, in order that it may be stricken from the list.

Attending Meeting in Kansas City.

L. M. Eek, athletic director of the Normal, is attending the annual meeting of the Missouri Intercollegiate Athletic association in Kansas City today. Officers will be elected and basket ball, base ball, track and football schedules taken up. The various Missouri colleges are members of the association.

CORKEN WON FIRST

BURLINGTON JUNCTION BOY HAD 109½ BUSHELS OF CORN.

FROM AN ACRE YIELD

Will Enter State Corn Show—G. J. Gates Was Second and Lloyd O'Neely Third.

County Superintendent Oakerson announced Saturday the winners in the acre-yield corn contest in the county between boys of 10 and 20 years. The contest is given by the Nodaway County Agricultural and Domestic Science association.

Hubert Corken, the young son of J. S. Corken of Burlington Junction, won first prize. His corn averaged 109½ bushels for one acre and is the largest yield of corn yet reported since the corn contest has been held.

The second prize went to Grant J. Gates, son of J. D. Gates of Ravenwood. His yield was 95 bushels and 40 pounds.

The third went to Lloyd O'Neely of near Guilford, his yield being 75 bushels and 40 pounds.

HUBERT CORKEN,

Of Burlington Junction, Who Won in the Corn Acre-Yield, His Yield Being Over 109 Bushels to the Acre.

By winning the contest, Hubert Corken will enter the state corn show at Columbia, January 12 to 16, and stands a good show to win the state prize to boys for the largest acre yield of corn. The state prize is $35. From the county corn association Corken will receive $15. If he should win the state prize, he will get $50 additional from the county. Corken also won a number of prizes at the corn show held in connection with the teachers' association in November.

Corken won the acre-yield contest two years ago, his yield being 97 bushels and 40 pounds. Last year Jay Barr won the prize, his yield being 78 bushels and 50 pounds.

By winning second prize Gates will receive $10 from the county association. O'Neely will receive $5.

PURCHASED TWO FORMS.

And Also Concrete Batch Mixer—The Total Cost Amounts to Over $1,000.

The township board on Friday made the purchase of two steel forms for concrete culverts from the Illinois Machinery company of Oklahoma City, Okla., a representative of that company being in the city. One of the forms is a 2½ foot form for 30-foot roadway with headwalls, and the other a 5-foot form for a 30-foot roadway with headwalls and wingwalls.

The board also bought a concrete batch mixer from the same company.

The mixer and the forms are to be here by March 1 and will be used in the bridge work to be done by the township starting at that time.

SOME EARLY HISTORY.

An Old Fence Rail Recalls Some of the Settlers in Independence Township.

The Parnell Sentinel in this week's issue had the following:

Postmaster T. A. Brashear brought to this office Saturday morning a black walnut fence rail made by A. J. Anderson in 1849, and which has been in constant use since that time. Mr. Anderson formerly owned the land that now belongs to the postmaster. Very few fence rails are now used, the wire fence having taken their place many years ago.

In this connection we might make a little mention of Mr. Anderson's early days in Independence township. Samuel Russell was the first settler in the township, having located here in 1845, moving from Andrew county, and took a claim on what is now the town of Parnell, in section 16, township 65, range 33. Here he built a log house east of the river. In 1847 he sold his claim to Elisha Brown, and in 1849 Mr. Brown sold his claim to Mr. Anderson. At that time this section was known as school land. Mr. Anderson paid the sum of $50 for the 160 acres which is now worth at least $250 per acre outside of the town and it is doubtful if it could be purchased for that sum. St. Joseph was the nearest trading point at that time. In those days a man named John Hall lived where John Mayfield now owns and the next nearest neighbor was a family near Sweet Home. Mr. Anderson was the fourth man to settle in Independence township. He died on the old home place a few years ago.

A WONDERFUL TRIP

ENSIGN R. W. HOLT OF U. S. NAVY MAKING GREAT CRUISE.

TO FOREIGN POINTS

Passed Over Spot Where Titanic Went Down—Saw Eetna and Vesuvius—Son of L. R. Holt of This City.

Ensign R. Waldo Holt, son of L. R. Holt of this city, who is an officer on the U. S. warship Wyoming, which is one of the ships making a cruise to foreign ports, writes that he is having "a wonderful trip; in fact, an extraordinary trip."

Among many matters of much interest, his vessel passed over the very spot where the Titanic went down, as well as the battlefields of Trafalgar and St. Vincent. He has been assistant navigator on the entire trip, and his duty is to determine the position of the ship every day. Of course, he finds the work very interesting.

Ensign Holt, since entering the U. S. naval academy at Annapolis five years ago, has made good. He made very high grades while at the academy, and since his commission, a year ago, his rise has been rapid. All who know his caliber and ability predict that he will be an admiral before he leaves the navy.

The fleet of which Ensign Holt is an officer, left New York on October 26 last, bound for the Island of Malta. From there he touched Naples, passed through the Straits of Messina to Villefranch, France. While in Naples he found time to visit Rome and the Vatican, which he found very interesting. He also saw the famous volcanoes of Aetna and Vesuvius, both belching forth smoke and ashes with lava. He had the fortune to see at night the redhot streams of lava flowing down the sides of Vesuvius, and he describes the scene as "truly wonderful."

Ensign Holt expects to arrive in New York about the middle of this month.

THE EMBREE FUNERAL.

Services Are Expected to Be Held Tuesday—Hour Not Determined, as Word is Being Waited For.

Funeral services for Mr. J. V. Embree, whose death occurred Thursday night are expected to be held Tuesday afternoon at the First M. E. church.

No word has yet been received from Mrs. C. R. Haudenschield of Los Angeles, who is on her way home, and it is thought she is being delayed by the severe storms now raging through the west.

Announcement will be made Monday as to the hour for the funeral. The body will lie in state all forenoon preceding the funeral, at the Embree home, two miles southwest of Maryville. The pall bearers will be members of the official board of the First M. E. church.

TWO MILES OF NEW MAINS.

Board of Public Works Ordered the Pipe at a Meeting Held Thursday.

Maryville is to have two miles of new mains and pipe was ordered at a meeting of the board of public works held Thursday night. The pipe was ordered at this time, as it is much cheaper than it has ever been. The mains will be laid in the northeast and southeast part of town. In the southeast part of town it will start at the corner of First and Depot streets and go south for a few blocks, then west, south again, and on west to Buchanan street main. In the northeast part the main will go from Third street. The pipe ordered is six inches. A part of the 4-inch pipe now used in the main will be taken up and the new pipe put in.

It is expected that the work will start on this work yet this winter. It is estimated that the work will cost $6,000, bu it will be well worth it, as there will be fire protection and water customers in parts of the city that has not been reached before.

The Costs in Case $71.

The attorney's fees and the costs in the case of Mrs. J. G. Price vs. City are $71.20, which were paid by the city council Friday night.

Fall Term Closed Friday.

The fall term of the State Normal school closed Friday after a most successful term. The winter term will open on Monday.

They Concluded on Caps.

Apropos the ruling of the Men's club of the First Presbyterian church that the women thereof should not wear hats during church services, the said women all unconsciously scored in their favor Friday afternoon, while discussing ways and means of meeting the unjust demand upon them by the men for the morning service, especially, when all knew how hard it would be for busy housewives to so arrange their hair that it would be presentable without a hat, in the rush to be on time at the morning service. The weather was so bad Friday afternoon that very few ventured out to the bazaar in progress, so the ladies decided to try the becomingness of the many varieties of caps on sale in the booth of fancy work. There was every style and sort there and they became, or did not become, the wearers in as many degrees. But the women had not thought of that. They were planning some way to satisfy their lords and sweethearts to keep them from staying away from church. They decided to put up pegs in the hall on which to hang their caps, each one labeled with name of owner. Then they put on the caps to cover up disarranged hair and marched into the church, for practice, and took their seats, in order to get used to the sight. This was gone through with several times, and by the time they could go through with the performance with becoming dignity and gravity, the pastor, Rev. S. D. Harkness, happened in to see how things at the bazaar were coming on. He was speechless with amazement and was so puzzled by the sight that he did not recognize anyone, not even Mrs. Harkness. With a final wave of his hand and "By all means wear your hats, ladies," he left. They will wear their hats in church.

NORMAL SCHOOL NOTES.

The literary societies held their last meeting of the school term Thursday, and at that time elected officers for the coming quarter. The work of isfactory and plans for bigger and better things are being planned for the coming term's work. Short programs were given by each society, after which the business meetings were held. The officers elected were:

Eurekan—President, C. H. Reynolds; vice president, Hildred Hanna; treasurer, Elizabeth Sobbing; secretary, Jane Gladstone; sergeant-at-arms, Mr. Livengood.

Philomathean—President, Harry Kissinger; vice president, Miss Metzgar; treasurer, Dale Hulet; secretary, Neva Shearer; sergeant-at-arms, Miss Manley.

* * *

The Normal Glee Club, who have been working for the past quarter under the direction of Director P. O. Landon, gave a short program during the assembly hour Friday morning. At the close of the program President Richardson gave a short talk in appreciation of the work done by the organization during the past quarter, and impressed the importance of such work in particular on all those who expect to teach, not only for their own benefit, but for the use which the work will be to them as teachers. The club will resume its work as soon as possible next quarter.

RAIL RIDING WOMEN GUILTY

Five Housewives of Volo Convicted by Jury.

JAIL SENTENCE IS POSSIBLE.

Each May Be Fined Two Hundred Dollars and Given Six Months. Woman's Buggy Trips With Brother-in-Law Angered Them.

Waukegan, Ill., Dec. 6.—Five gray-haired women of the village of Volo, who rode Mrs. John Richardson on a rail one night in July because her name was linked by gossip with that of her brother-in-law, were found guilty here by a jury. Each may be fined $200 and sentenced to six months in jail.

The band of militant housewives who took the law in their own hands was composed of Mrs. Emma Stadfield, Mrs. Levina Raymond, Mrs. Alma Watlan, Mrs. Mary Sabel and Mrs. John Stadfield. Mrs. Kate Wagner, the sixth woman, who started to carry Mrs. Richardson outside the village limits, was freed by the jury because she returned home before the victim was given her ride.

Sit Huddled and Dazed.

Mrs. Sabel is sixty-five years old and the others are well above forty. They sat huddled and dazed in the court room as the verdict was read. They bore no resemblance to the angry women outraged because they believed a neighbor preferred the company of another to her crippled husband, who drew Mrs. Richardson from her home by a subterfuge, placed her astride a weather beaten scantling, bore her screaming and fighting to the edge of town and dumped her to the road, with a warning never to return.

R. J. Rady, assistant state's attorney, compared the action of the Volo women to that of Christ when the Pharisees brought him on the Mount of Olives, a woman who sinned.

Influenced by Gossip.

"Christ told them, 'he who is without sin among you, let him first cast a stone,'" said the prosecutor. "These defendants thought nothing of their possible shortcomings. They were inflamed by the forked tongue of gossip and taking courage in numbers, enticed this woman from her home and submitted her to as great an indignity as I know of."

Mrs. Richardson said she would be satisfied to have the women let off with a fine. She has a civil suit for $100,000 pending against them.

Edward Krepel was also indicted with the six women. It was charged that, dressed in the garb of a woman, he assisted in riding Mrs. Richardson on a rail. He has disappeared.

BIBLE CIRCULATION GROWING

Twenty-eight Million Copies Issued During Last Year.

Toronto, Dec. 6.—Twenty-eight million copies of the bible and books containing portions of the holy scriptures were printed during the last year, according to a report compiled here for publication on "Bible Sunday," tomorrow. Private publishers issued 10,000,000 of the books and the various bible societies published the rest. Three well known agencies, the American Bible society, the British and Foreign Bible society and the National Bible society of Scotland put out 14,000,000 copies.

As evidencing the growth of this circulation, the report sets forth that from 1804 to 1817 the issue of bibles and parts of the bible averaged only 250,000 copies a year.

Of the 28,000,000 copies distributed last year, about half were printed in English. The rest covered 500 different languages.

Raid Gambling House for Women.

Chicago, Dec. 6.—A number of women fainted and others became hysterical and fought policemen in the raid of a gambling house conducted by women for women. Slips showing that more than $50 had been bet on horse races was confiscated. In the stampede at the entrance of detectives a few women escaped through a basement door. The officers finally arrested but two, charging them with operating a handbook.

Militancy Not Needed Here.

Washington, Dec. 6.—Dr. Anna Howard Shaw, president of the National Woman Suffrage association, outlined her views on militancy just before the close of the convention. She asserted that "militant methods never have been adopted and never will be used in this country to secure the ballot for women, because the constitutional method, the method of civilization will bring it about."

Wife of Commodore Granted Divorce.

Kansas City, Dec. 6.—Mrs. Adele Trowbridge Salisbury, wife of Commodore George R. Salisbury, U. S. N., retired, former governor of Guam, was granted a divorce here. The action was uncontested by the commodore Alimony was not mentioned in the decree.

Man Not Guilty of Slaying Mother.

Clinton, Mo., Dec. 6.—Tilly O. Puckett, who had been on triel here since Monday, charged with the murder of his mother, Mrs. Susan Puckett Makinson, was found not guilty.

BUYING A PIANO

Unless you have a practical knowledge of pianos, the purchasing of an instrument is largely a matter of confidence in the judgment and business integrity of your dealer. Realizing this fact many persons have sought the advice and judgment of P. O. Landon; whose experience and musicial ability are well known in this community. This has led him to establish a regular piano business, using the Conservatory as ware and sales rooms. From the various makes that he has used in his teaching and concert work he has selected

THE SCHUMANN

As the one possessing the qualities of

Tone, Action, Durability and Beauty of Design

that most nearly comes up to his ideal.

The reasons why this piano possesses so many of the desirable qualities of a high grade piano are found in its construction and we will be glad to point them out to any one interested.

The manufacturers of the Schumann piano are sparing no expense to make their pianos the superior of most and the equal of any piano made in America. To any who doubt this statement we will be glad to place a Schumann beside any other make and compare tone with tone, action with action, construction with construction, etc. A COMPARISON of this piano with any other make will show that with pianos of the same price, the Schumann leads in quality, with pianos of a higher price, the Schumann will equal in quality at a less price.

The Schumann Player-Piano

Which is made entirely in the Schumann factory is a wonderful instrument, and to realize its capabilities one must hear and see the instrument itself.

The Schumann Piano Co. and the Landon Music Co. place an

Unlimited Warranty

Covering the points mentioned in the Ten Years' Warranty of other makes on these instruments.

We will be glad to show and demonstrate these pianos to any person and those unable to call during the day may make appointment by calling Mr. Landon or Mr. Guy Neal over the phone.

All to Hell Together.

A Georgia town has voted in favor of saloons, and here is the reason, as given by a citizen, says the Pineville Herald:

If we are going to stand for our women folks wearing shadow and slit skirts and our younger women learning to dance the boll weevil wiggle, Texas Tommy tango, the bunny hug, the bear dance, the half canter, the buzzard flop and so on down the line, the men folks might just as well have their saloons and the whole push go to hell together.—Ex.

News of Society and Womens' Clubs

Will Not Meet Until January.

The Mothers' club of Pickering has postponed its meeting from Friday afternoon of this week until the first Friday in January, when it will meet with Mrs. Roy Wolfers. This change is made on account of the weather.

Bride and Groom at Home.

Mr. and Mrs. Will Whitney, who were married Wednesday afternoon in St. Joseph, returned to Maryville Friday night and are at home with Mr. and Mrs. Harry Whitney, 122 South Prairie street. Mrs. Whitney was Miss Lena Herwick.

Honor Guest at the Robidoux.

Miss Hettie Anthony of the State Normal faculty will be the honor guest of a banquet at the Robidoux hotel in St. Joseph Saturday noon at 12:30, to be given by the Home Economics association of Northwest Missouri. Miss Jane Hinote, who is a member of Miss Anthony's June graduating class in domestic science, went with her and was a guest at the banquet.

For Miss Ritchie.

Miss Hazel Ritchie was the honoree of a bridge party and miscellaneous shower Saturday afternoon, with a 6 o'clock dinner and theater party at the Empire in the evening, given by Miss Maud Bainum, in recognition of Miss Ritchie's approaching wedding day. The guests were limited to members of the Young Ladies' Bridge club, of which the hostess and bride-elect are members, the other members of the club being Misses Marie Brink, Brownie Toel, Rena Sturm, Kittie Grems, Laura Barmann and Mrs. Oliver K. Bovard.

Social Was a Success.

The social given Thursday evening at the home of Rev. and Mrs. Gilbert S. Cox by the woman's Foreign Missionary society was quite a success. The bad weather did not prevent a good turn out, fully fifty people being there for one of the best times this season. A short devotional service was held first, conducted by Mrs. R. S. Braniger. One of the fun provoking things of the program were two numbers given by the "Superannuated Quartet," comprising Mrs. C. C. Corwin, Mrs. Milton Rittenour, Rev. Dr. W. B. Christy and O. C. Hanna. They sang "There's One More River for to Cross" and "The Exodus of the Israelites," and some of the folks thought they were going to be as long going through as the Israelites were in going through the wilderness and the ark in getting ready for the flood. But the singers gave such rousing good music that everybody enjoyed it fine. During the social hour the hostesses were Mrs. J. T. Linville, Mrs. J. F. Montgomery, Mrs. J. C. Archer, Mrs. John Curfman and Mrs. Frank Martin.

Linen Shower for Bride-Elect.

Miss Ada Albert, principal of the Jefferson ward school, gave a linen shower Friday evening at the Jefferson school in honor of her former coworker, Miss Hazel Ritchie, who is to be married Christmas day to Mr. John I. Hoffman, secretary of the Maryville Commercial club. Miss Ritchie has recently resigned her place in the Washington school. The guests were the twenty-three women teachers of the Maryville schools. The halls and rooms of the school house had been tastefully decorated in the Christmas colors, red and green, and was the work of the children of the three departments. On the arrival of the guests the bride-elect was required to conduct her final recitations, hearing two classes, one in geography and one in language, her pupils being the teachers. Those keeping the head of the class were rewarded with a Marechal Neil rose, Miss Sayler winning in geography and Miss Eckles in language. After this Miss Ritchie was required to be the sole member of a spelling class, the guests giving her words that a bride should be able to spell, and she proved her ability to do so and was also given a rose. As the day was the birthday anniversary of two of the guests, Miss Julia Denny and Miss Dena Hartman, the hostess presented them with roses. After the recitations came "recess" and luncheon time, of course. The guests were invited to the primary room where a table was handsomely laid, and lighted by red and white candles in candelabra, and adorned with white chrysanthemums and poinsettas. The luncheon was all in white, excepting the green mints. After recess and luncheon came the examination period, when Miss Ritchie opened the packages containing the "shower." The guests presented her with a complete luncheon set of cluny lace, and she received many other beautiful pieces in towels, scarfs and other articles dear to the heart of a bride. The guests were Miss Ritchie, Miss Melissa Casteel, Misses Laura Hawkins, Alicia Keeler, Helen Marie Wright, Donna Sisson, Edith Wells, Marjorie Hine, Phyllis Sayler, Allie Worst, Ora Eckles, Bertha Northcutt, Golda Airy, Mary Ford, Mamie Kane, Nelle Hudson, Mary Ogden, Ora Carpenter, Dena Hartman, Cecil Benight, Julia Denny, Maud Bainum.

Improved Their Residence.

Mr. and Mrs. M. M. Callahon, living east of Arkoe, were in Maryville Friday. They have just completed the installment of the acetylene light system in their residence, having forty-two lights, also an acetylene range in the kitchen and two burners for heating the bath room. They have added quite a number of improvements to their country place during the past year.

Court to Be Held Monday.

A session of circuit court will be held Monday before Special Judge W. H. Crawford. The case to be tried is that of the Maryville Mercantile company vs. J. S. Hedgecock, attachment on notes. A special venire of eighteen men has been summoned.

Mr. and Mrs. Ben Ingles of Pickering announce the birth of a 10-pound son Thursday night.

Sunday Services at Local Churches

First Presbyterian Church.

The pastor, Rev. S. D. Harkness, announces that Dr. J. H. Speer, synodical superintendent of home missions, will occupy the pulpit of this church Sunday morning and evening at 11 and 7:30. Dr. Speer is not a stranger to the Maryville church. His ability and the importance of his appearance here at this time assure him a large hearing. Dr. Speer will conduct a mission conference in the afternoon at 3 o'clock, and all interested in missions, especially members of the church and official committee are asked to come.

Did Not Know "Maryville Had It."

Judge and Mrs. Shamberger, living west of Graham, recently returned from a visit with Mr. and Mrs. E. L. Shoemaker, near Plattsburg, and were much taken with the lighting system in their residence. The host and hostess were surprised to find they did not know Maryville had a manufactory that could set up anything so satisfactory as their acetylene plant. As a result of Judge Shamberger's visit the Maryville company is putting in a complete lighting an dheating plant in his residence this week.

Mrs. J. B. Robinson and Chilton Robinson returned Saturday noon from Wichita, Kan., and St. Joseph where they had visited Mrs. M. J. Lloyd and Mrs. C. M. Chilton.

DR. PRICE'S CREAM BAKING POWDER

A pure, healthful, Cream of Tartar Baking Powder

When buying an article of food you are entitled to know exactly what you are buying—its quality and ingredients.

If this information is refused don't buy it.

Some of the low grade baking powders are advertised, but the ingredients of the powders are scrupulously concealed.

A housekeeper would not use a baking powder containing alum if she knew it.

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it.

Dr. Price's baking powder is absolutely free from alum.

PLAN TO HEAD OFF REBELLION

Importation of Arms Into Ireland Will Be Stopped.

Dublin, Ireland, Dec. 5.—The importation of arms into Ireland is about to be forbidden, according to the newspapers here. The issue of a proclamation to that effect is expected in a day or two. Augustine Birrell, chief secretary for Ireland, is here in conference with the Earl of Aberdeen, the lord lieutenant, and the result it is thought will be that the government will take this first step against the plans of rebellion of the followers of Sir Edward Carson, the Irish Unionist leader.

Shipments of rifles and bayonets in large quantities into Belfast have been on the increase during the last few weeks.

PUT TO DEATH WITH DYNAMITE

Captured Mexican Rebel Executed by Bomb.

HUERTAS ARE AT VERA CRUZ.

Family Left Mexico City Several Days Ago on Special Train—Dictator Went Part Way, but Left Train at Texcoco and Returned to Capitol.

Mexico City, Dec. 6.—A modification of the old method of tying men to the muzzles of cannon and blowing them to pieces was employed by the federals north of San Luis Potosi.

A captured rebel, supposed to have been one of the band which recently dynamited a troop train at Carneros, was given a summary trial by court-martial and sentenced to death. He was tied to the ground and a dynamite bomb placed beneath his body and exploded, tearing him to pieces.

The family of Provisional President Huerta is said to have gone secretly to Vera Cruz on Nov. 30. They are living quietly in that city, where their presence is known to only a few intimate friends. Huerta accompanied his family as far as Texcoco, a few miles out, returning to Mexico City in an automobile.

Villa Returns to Juarez.

El Paso, Tex., Dec. 6.—In anticipation of an important conference with General Carranza, head of the revolutionary government, Generalissimo Francisco Villa has left Chihuahua, having effected entrance to the town of Villa Ahumada, eighty miles south of the border. It is was said that recent events, such as the evacuation of Chihuahua and the further extension of rebel territory necessitated a more united understanding concerning future operations.

EMPEROR MOVES GARRISON

Soldiers in Zabern Are Transferred by Kaiser's Order.

Berlin, Dec. 6.—Emperor William ordered the transfer of the entire garrison at Zabern, Alsace, owing to the trouble between the soldiers and the citizens there. He also directed that the court-martial proceedings in connection with the recent rioting be accelerated.

His majesty's solution of the difficulty is regarded in many quarters as a two-edged sword. While it removes the danger of further conflicts, the people and merchants of Zabern will suffer a severe financial blow by the removal of an important source of revenue.

Later the emperor decided that the Zabern garrison should go into camp temporarily on the army maneuvering grounds at Hagenau, but that the troops might ultimately return to Zabern if its inhabitants displayed a proper temper after the expected transfer to another regiment of Lieutenant Baron von Forstner, the cause of the trouble and the retirement from active service of Colonel von Reuter of the Ninety-ninth infantry regiment.

POSSE FAILS TO FIND LOPEZ

Third of Mine Searched and No Trace of Assassin.

Bingham, Utah, Dec. 6.—After searching a third of the Utah-Apex mine the posse which penetrated the stronghold of Ralph Lopez, slayer of six men, came out and announced to the thousands of expectant miners that they had found nothing to indicate that the crafty desperado was dead.

The places where his body most likely would have been were carefully gone over. The belief grows that once again the sheriffs of nine Utah counties and their hundreds of deputies had been outwitted by the man who several times since the pursuit began, Nov. 21, has risked capture in order to jeer at their efforts.

Carry 7,000 Rounds in Pockets.

New York, Dec. 6.—The jerky walk of two firemen going aboard the Ward liner Matanzas attracted the attention of customs guards. They searched the two. On each was found 7,000 rounds of ammunition, cleverly concealed in canvas vests. The ammunition was confiscated. The Matanzas is due to sail for Havana on Dec. 11. It is thought the ammunition was intended for the rebels in Mexico.

Alleged Blackmailers Arrested.

Ogden, Utah, Dec. 6.—Three men thought to compose a band of blackmailers who have terrorized Ogden and vicinity since the holdup of the Oregon Short Line train at "Five Points," on June 6, 1910, were arrested here. They are J. H. Martin, said to be the leader of the gang; his uncle, J. J. Martin, a farmer, and Harry Martin, the latter's son.

Holdup Men Given Forty Years.

Minneapolis, Dec. 6.—Charles Ballejo and Max Devore pleaded guilty to highway robbery in the district court here and were each sentenced to forty years' imprisonment at Stillwater. According to the police nine different persons identified the two men as having held them up and robbed them within ten days previous to their arrest.

BARNES FACTION IS VOTED DOWN

Radicals in Control of New York State Republican Conference.

New York, Dec. 6.—The radicals ruled the Republican state conference and forced the approval of a direct state-wide primary law. State Chairman William Barnes' motion to reaffirm the more conservative primary plank in the last Republican platform was defeated by a vote of 192 to 187.

The radicals, led by Henry L. Stimson, former secretary of war, split with Mr. Barnes and his followers over the question of retaining party conventions. The state chairman favored the direct nomination of congressmen, members of the state legislature and county and municipal officers, but would keep the state convention for the nomination of governor and the other officers on the state ticket. He wanted delegates to this convention chosen directly by the voters, who should have the right also to express direct preference for nominations for state officers if they so desired.

This did not suit Mr. Stimson and his friends and after a long debate they carried a small majority of the conference with them. The resolution adopted declared that all candidates should stand on an equal footing. It opposed the use of party emblems on the general election ballot and the factional column on the primary ballot. At the same time it expressed the belief in party organization and reiterated the doctrine of former Governor Hughes that the direct primary should be an adjunct to and a check upon, rather than a substitute for the deliberation and conference of the party's representatives.

DUN'S REVIEW OF TRADE

Mild Weather Restricts Retail Demand for Merchandise.

New York, Dec. 6.—Dun's Review of Trade says:

Complaints are still heard of the retarding influence of mild weather which restricts retail demand for seasonable merchandise. Holiday trade, however, has opened up well.

Apprehension of labor troubles at textile centers, notably at Fall River, has been removed, at least for the present, but scarcity of operatives keeps production below distribution.

Upon the removal of the tariff on wool at the opening of the month heavy withdrawals from bonded warehouses were made by manufacturers and dealers, yet the domestic situation is not affected by the change which had been fully discounted.

Cripple Dies on Brother's Back.

St. Louis, Dec. 6.—For two years Oliver Heuer, thirteen years old, and known by neighbors as "The Little Father," carried his invalid brother, Frank, ten years old, on his back ten blocks to and from school. Oliver's task is ended, for the little cripple died on his brother's back. Death from heart disease came while he was being carried home from school. "The Little Father" is inconsolable. He said he would rather have Frank back and the job of carrying him for life.

Taft Decides Rate Controversy.

Cincinnati, Dec. 6.—William Howard Taft, as attorney for the trustees of the Cincinnati Southern railway and as practically a referee in the controversy in which it was charged the Cincinnati, New Orleans and Texas Pacific road was discriminating against Cincinnati in freight rates, decided that the petitioners, the shippers and civic organizations of Cincinnati, had not made out a case strong enough to warrant the trustees taking action against the lessees of the road.

DR. ANNA SHAW AGAIN HEADS SUFFRAGISTS

Antis Have Inning Before House Committee on Rules.

Washington, Dec. 5.—Dr. Anna Howard Shaw of New York, president of the National American Woman Suffrage association, was re-elected for the eighth consecutive term at the annual balloting for officers of the association. Other officers elected were:

First vice president, Miss Jane Addam of Chicago; second vice president, Mrs. Desha Breckinride of Lexington, Ky.; third vice president, Mrs Runtz-Rees of Greenwich, Conn.

Recording secretary, Mrs. Susan Fitzgerald of Boston.

Corresponding secretary, Mrs. Mary Ware Dennett of Boston.

Treasurer, Mrs. Katherine Dexter McCormick of Boston.

Women opposed to equal suffrage had their inning before the house committee on rules to protest against the resolution championed by the women suffragists which would create a suffrage standing committee in the house of representatives. Scores of women from various parts of the country appealed to the committee not to grant the suffragists' plea.

100,000 JOBLESS IN CHICAGO

City Board Will Ask State Relief for Idle Men.

Chicago, Dec. 5.—Dr. Charles R. Henderson, chairman of the city committee on unemployment, will present to the mayor and city council within a few days recommendations for relief of nearly 100,000 unemployed men now in Chicago, according to his estimate. Unless something is done soon, Dr. Henderson will say, crime, starvation, and death will result.

If permitted, Dr. Henderson said the committee would try to secure state legislation for relief of the unemployed. The situation, he said, had grown grave, being nearly 50 per cent worse than last year.

QUARANTINE LAW

SEVERAL DISEASES ADDED TO THAT SECTION BY BOARD.

OTHER MATTERS UP

By the City Council—Judgment for $1,500 Ordered Paid and Wabash Bridge Matter Considered.

At the city council meeting held Friday evening an amendment was adopted by the board adding membranous croup, cerebro-spinal meningitis, infantile paralysis, measles and whooping cough to the ordinance of when the board of health shall quarantine. The new ordinance as adopted reads as follows:

Board of health to quarantine when—The board of health shall immediately establish and maintain a quarantine regulation and shall quarantine every person afflicted with or having the symptoms of smallpox, varioloid, scarlet fever, diphtheria (membranous croup), cerebro-spinal meningitis, infantile paralysis, measles and whooping cough or any other contagious disease that is dangerous to the life or health of the inhabitants of the city or any of them or who have been exposed to any such disease, and also the house, building or premises where such afflicted person may be, and no person or persons shall pass into or out of, to or from any such quarantined premises except by permission first had and obtained from the city physician so to do, until all persons who have or who afterward take such disease have sufficiently recovered therefrom, that such disease will not be by them communicated to any other person, and until such house or premises and all persons thereat have been sufficiently and thoroughly disinfected under the direction of the city physician by the use of formaldehyde, gas or solution or some other germicide of equal efficiency: Provided, that any person who has recovered from any such disease and has been sufficiently disinfected by the city physician may be permitted to leave any such quarantined premises under the direction of the city physician, but shall not return thereto. Every person violating any of the provisions of this section shall, on conviction, be punished by a fine of not less than ten nor more than one hundred dollars for each offense.

Another ordinance adopted was that providing for the use of lead pipe connections with water mains of the city and providing for the filling with sand the excavations made in making connections with the mains, sewers and lateral sewers of the city, the lead pipe to be used from the mains to the curb line. The penalty is a fine of not less than $25 and not over $500.

The council instructed City Marshal Moberly to instruct the property owners in the fire district to connect their closets with the sewer.

Street Commissioner M. I. Woods was instructed to take out the walk on the north side of Everhart's property on First street. He was also instructed to look at the walk of George Diss on East Fourth street, as it has been reported in bad shape.

Taylor Glover's assessment was ordered reduced from $600 to $300, the county court recently making the same reduction, Glover being erroneously assessed.

County Highway Engineer John Clary addressed the board in regard to the sewer under the Wabash bridge on the state road. The Wabash intends to pave the roadway under the bridge, but on account of the sewer being so high, the proper excavation for paving can't be made. Much complaint has been made about the bridge and the roadway under it is always in bad condition. The council referred the matter to their street committee, who will report at the next meeting.

Street Commissioner Woods reports the payment of $362 in poll tax for the year 1913. Of this amount $346 was paid in and $16 worked out by labor.

The judgment of $1,500 against the city was ordered allowed by the council. The money will go to Mrs. J. G. Price, she recently having won her damage suit against the city. The city will not contest the case any further.

A crossing was ordered in near the Mose Hahn property on East Fourth street.

The monthly reports of the various city officers were read and approved. The next meeting of the council will be on December 19.

"No winter," Indians Say.

The Indians of the vicinity of Pierre, S. D., are predicting there will be "no winter" this season. Freak December weather prevails all over the Dakotas, with warm rains and the thermometer well above freezing. In some cases in the state, it is reported, spring flowers are in bloom. The green is returning to the grass and the landscape has the general appearance of spring.

THE INCOME TAX IN A WORD.

Simple Rules for Those Who Come Within the Tax by Collector for This District.

A set of instructions for those who are worrying about the income tax was given out recently by C. G. Burton, collector for the sixth Missouri district, Maryville being in this district. The law is set forth concisely and the statement contains all the average citizen needs to know about the new act. The statement follows.

Who must make returns:

Every corporation, joint stock company, etc., not specifically exempt by paragraph G (a) of the law, no matter how small its income and even though it sustained a loss.

Every person, single or married, having an income of more than $3,000 and not exceeding $20,000; provided that after deducting from said income to much thereof as is derived from dividends or net earnings of corporations, etc., taxable upon their income, and the amount upon which the tax has been withheld at the source, there remains less than $3,000 no return is required.

Every person whose income exceeds $20,000.

Guardians, trustees, executors, administrators, agents, receivers, conservators and all persons, corporations, etc., acting in any fiduciary capacity.

Where returns must be filed:

Every corporation, joint stock company, etc., must file its return with the collector of internal revenue for the district in which its principal place of business is located, viz: Where its books are kept from which its return is made up.

Returns of individuals, guardians, etc., must be filed with the collector of the district in which he or she resides, or has his or her principal place of business.

When returns must be filed:

On or before March 1, 1914, except in cases of corporations, etc., which have designated the end of their fiscal year as some time other than December 31, in which case returns must be filed within sixty days after the close of the fiscal year.

How blanks may be obtained:

Collectors have lists of corporations and blanks will be mailed to them on or before December 31, 1913. Every corporation, etc., not receiving blanks by January 16, 1914, should at once write to the collector for blanks giving full name of corporation, etc., state granting charter and postoffice address.

Every individual should write the collector for blanks.

There are severe penalties for failure to file returns. Failure to receive blanks is no excuse. Field deputies will be appointed to look up delinquents and cause their prosecution.

Every corporation receiving blanks which has never organized, has dissolved, is defunct, was inactive during the year 1913, has changed its name, which went into the hands of a receiver or trustee, or has changed its principal place of business, should at once write the collector, giving full information, in order that it may be stricken from the list.

Attending Meeting in Kansas City.

CORKEN WON FIRST

BURLINGTON JUNCTION BOY HAD 109½ BUSHELS OF CORN.

FROM AN ACRE YIELD

Will Enter State Corn Show—G. J. Gates Was Second and Lloyd O'Neely Third.

County Superintendent Oakerson announced Saturday the winners in the acre-yield corn contest in the county between boys of 10 and 20 years. The contest is given by the Nodaway County Agricultural and Domestic Science association.

Hubert Corken, the young son of J. S. Corken of Burlington Junction, won first prize. His corn averaged 109½ bushels for one acre and is the largest yield of corn yet reported since the corn contest has been held.

The second prize went to Grant J. Gates, son of J. D. Gates of Ravenwood. His yield was 95 bushels and 40 pounds.

The third went to Lloyd O'Neely of near Guilford, his yield being 75 bushels and 40 pounds.

HUBERT CORKEN,

Of Burlington Junction, Who Won in the Corn Acre-Yield, His Yield Being Over 109 Bushels to the Acre.

By winning the contest, Hubert Corken will enter the state corn show at Columbia, January 12 to 16, and stands a good show to win the state prize to boys for the largest acre yield of corn. The state prize is $35. From the county corn association Corken will receive $15. If he should win the state prize, he will get $50 additional from the county. Corken also won a number of prizes at the corn show held in connection with the teachers' association in November.

Corken won the acre-yield contest two years ago, his yield being 97 bushels and 40 pounds. Last year Jay Barr won the prize, his yield being 78 bushels and 50 pounds.

By winning second prize Gates will receive $10 from the county association. O'Neely will receive $5.

PURCHASED TWO FORMS.

And Also Concrete Batch Mixer—The Total Cost Amounts to Over $1,000.

The township board on Friday made the purchase of two steel forms for concrete culverts from the Illinois Machinery company of Oklahoma City, Okla., a representative of that company being in the city. One of the forms is a 2½ foot form for 30-foot roadway with headwalls, and the other a 5-foot form for a 30-foot roadway with headwalls and wingwalls.

The board also bought a concrete batch mixer from the same company.

The mixer and the forms are to be here by March 1 and will be used in the bridge work to be done by the township starting at that time.

SOME EARLY HISTORY.

An Old Fence Rail Recalls Some of the Settlers in Independence Township.

The Parnell Sentinel in this week's issue had the following:

Postmaster T. A. Brashear brought to this office Saturday morning a black walnut fence rail made by A. J. Anderson in 1849, and which has been in constant use since that time. Mr. Anderson formerly owned the land that now belongs to the postmaster. Very few fence rails are now used, the wire fence having taken their place many years ago.

In this connection we might make a little mention of Mr. Anderson's early days in Independence township. Samuel Russell was the first settler in the township, having located here in 1845, moving from Andrew county, and took a claim on what is now the town of Parnell, in section 16, township 65, range 33. Here he built a log house east of the river. In 1847 he sold his claim to Elisha Brown, and in 1849 Mr. Brown sold his claim to Mr. Anderson. At that time this section was known as school land. Mr. Anderson paid the sum of $50 for the 160 acres which is now worth at least $250 per acre outside of the town and it is doubtful if it could be purchased for that sum. St. Joseph was the nearest trading point at that time. In those days a man named John Hall lived where John Mayfield now owns and the next nearest neighbor was a family near Sweet Home. Mr. Anderson was the fourth man to settle in Independence township. He died on the old home place a few years ago.

A WONDERFUL TRIP

ENSIGN R. W. HOLT OF U. S. NAVY MAKING GREAT CRUISE.

TO FOREIGN POINTS

Passed Over Spot Where Titanic Went Down—Saw Eetna and Vesuvius—Son of L. R. Holt of This City.

Ensign R. Waldo Holt, son of L. R. Holt of this city, who is an officer on the U. S. warship Wyoming, which is one of the ships making a cruise to foreign ports, writes that he is having "a wonderful trip; in fact, an extraordinary trip."

Among many matters of much interest, his vessel passed over the very spot where the Titanic went down, as well as the battlefields of Trafalgar and St. Vincent. He has been assistant navigator on the entire trip, and his duty is to determine the position of the ship every day. Of course, he finds the work very interesting.

Ensign Holt, since entering the U. S. naval academy at Annapolis five years ago, has made good. He made very high grades while at the academy, and since his commission, a year ago, his rise has been rapid. All who know his caliber and ability predict that he will be an admiral before he leaves the navy.

The fleet of which Ensign Holt is an officer, left New York on October 26 last, bound for the Island of Malta. From there he touched Naples, passed through the Straits of Messina to Villefranch, France. While in Naples he found time to visit Rome and the Vatican, which he found very interesting. He also saw the famous volcanoes of Aetna and Vesuvius, both belching forth smoke and ashes with lava. He had the fortune to see at night the redhot streams of lava flowing down the sides of Vesuvius, and he describes the scene as "truly wonderful."

Ensign Holt expects to arrive in New York about the middle of this month.

THE EMBREE FUNERAL.

Services Are Expected to Be Held Tuesday—Hour Not Determined, as Word is Being Waited For.

Funeral services for Mr. J. V. Embree, whose death occurred Thursday night are expected to be held Tuesday afternoon at the First M. E. church.

No word has yet been received from Mrs. C. R. Haudenschield of Los Angeles, who is on her way home, and it is thought she is being delayed by the severe storms now raging through the west.

Announcement will be made Monday as to the hour for the funeral. The body will lie in state all forenoon preceding the funeral, at the Embree home, two miles southwest of Maryville. The pall bearers will be members of the official board of the First M. E. church.

TWO MILES OF NEW MAINS.

Board of Public Works Ordered the Pipe at a Meeting Held Thursday.

Maryville is to have two miles of new mains and pipe was ordered at a meeting of the board of public works held Thursday night. The pipe was ordered at this time, as it is much cheaper than it has ever been. The mains will be laid in the northeast and southeast part of town. In the southeast part of town it will start at the corner of First and Depot streets and go south for a few blocks, then west, south again, and on west to Buchanan street main. In the northeast part the main will go from Third street. The pipe ordered is six inches. A part of the 4-inch pipe now used in the main will be taken up and the new pipe put in.

It is expected that the work will start on this work yet this winter. It is estimated that the work will cost $6,000, bu it will be well worth it, as there will be fire protection and water customers in parts of the city that has not been reached before.

The Costs in Case $71.

The attorney's fees and the costs in the case of Mrs. J. G. Price vs. City are $71.20, which were paid by the city council Friday night.

Fall Term Closed Friday.

The fall term of the State Normal school closed Friday after a most successful term. The winter term will open on Monday.

Miss Clara Anderson of Bolckow visited in Maryville Saturday afternoon with her music teacher, Miss Eva Davis.

They Concluded on Caps.

Apropos the ruling of the Men's club of the First Presbyterian church that the women thereof should not wear hats during church services, the said women all unconsciously scored in their favor Friday afternoon, while discussing ways and means of meeting the unjust demand upon them by the men for the morning service, especially, when all knew how hard it would be for busy housewives to so arrange their hair that it would be presentable without a hat, in the rush to be on time at the morning service. The weather was so bad Friday afternoon that very few ventured out to the bazaar in progress, so the ladies decided to try the becomingness of the many varieties of caps on sale in the booth of fancy work. There was every style and sort there and they became, or did not become, the wearers in as many degrees. But the women had not thought of that. They were planning some way to satisfy their lords and sweethearts to keep them from staying away from church. They decided to put up pegs in the hall on which to hang their caps, each one labeled with name of owner. Then they put on the caps to cover up disarranged hair and marched into the church, for practice, and took their seats, in order to get used to the sight. This was gone through with several times, and by the time they could go through with the performance with becoming dignity and gravity, the pastor, Rev. S. D. Harkness, happened in to see how things at the bazaar were coming on. He was speechless with amazement and was so puzzled by the sight that he did not recognize anyone, not even Mrs. Harkness. With a final wave of his hand and "By all means wear your hats, ladies," he left. They will wear their hats in church.

NORMAL SCHOOL NOTES.

The literary societies held their last meeting of the school term Thursday, and at that time elected officers for the coming quarter. The work of isfactory and plans for bigger and betthese organizations has been very satter things are being planned for the coming term's work. Short programs were given by each society, after which the business meetings were held. The officers elected were:

Eurekan—President, C. H. Reynolds; vice president, Hildred Hanna; treasurer, Elizabeth Sobbing; secretary, Jane Gladstone; sergeant-at-arms, Mr. Livengood.

Philomathean — President, Harry Kissinger; vice president, Miss Metzgar; treasurer, Dale Hulet; secretary, Neva Shearer; sergeant-at-arms, Miss Manley.

The Normal Glee Club, who have been working for the past quarter under the direction of Director P. O. Landon, gave a short program during the assembly hour Friday morning. At the close of the program President Richardson gave a short talk in appreciation of the work done by the organization during the past quarter, and impressed the importance of such work in particular on all those who expect to teach, not only for their own benefit, but for the use which the work will be to them as teachers. The club will resume its work as soon as possible next quarter.

RAIL RIDING WOMEN GUILTY

Five Housewives of Volo Convicted by Jury.

JAIL SENTENCE IS POSSIBLE.

Each May Be Fined Two Hundred Dollars and Given Six Months. Woman's Buggy Trips With Brother-in-Law Angered Them.

Waukegan, Ill., Dec. 6.—Five gray-haired women of the village of Volo, who rode Mrs. John Richardson on a rail one night in July because her name was linked by gossip with that of her brother-in-law, were found guilty here by a jury. Each may be fined $200 and sentenced to six months in jail.

The band of militant housewives who took the law in their own hands was composed of Mrs. Emma Stadfield, Mrs. Levina Raymond, Mrs. Alma Watlan, Mrs. Mary Sabel and Mrs. John Stadfield. Mrs. Kate Wagner, the sixth woman, who started to carry Mrs. Richardson outside the village limits, was freed by the jury because she returned home before the victim was given her ride.

Sit Huddled and Dazed.

Mrs. Sabel is sixty-five years old and the others are well above forty. They sat huddled and dazed in the court room as the verdict was read. They bore no resemblance to the angry women outraged because they believed a neighbor preferred the company of another to her crippled husband, who drew Mrs. Richardson from her home by a subterfuge, placed her astride a weather beaten scantling, bore her screaming and fighting to the edge of town and dumped her to the road, with a warning never to return.

R. J. Kady, assistant state's attorney, compared the action of the Volo women to that of Christ when the Pharisees brought him on the Mount of Olives, a woman who sinned.

Influenced by Gossip.

"Christ told them, 'he who is without sin among you, let him first cast a stone,'" said the prosecutor. "These defendants thought nothing of their possible shortcomings. They were inflamed by the forked tongue of gossip and taking courage in numbers, enticed this woman from her home and submitted her to as great an indignity as I know of."

Mrs. Richardson said she would be satisfied to have the women let off with a fine. She has a civil suit for $100,000 pending against them.

Edward Krepel was also indicted with the six women. It was charged that, dressed in the garb of a woman, he assisted in riding Mrs. Richardson on a rail. He has disappeared.

BIBLE CIRCULATION GROWING

Twenty-eight Million Copies Issued During Last Year.

Toronto, Dec. 6.—Twenty-eight million copies of the bible and books containing portions of the holy scriptures were printed during the last year, according to a report compiled here for publication on "Bible Sunday," tomorrow. Private publishers issued 10,000,000 of the books and the various bible societies published the rest. Three well known agencies, the American Bible society, the British and Foreign Bible society and the National Bible society of Scotland put out 14,000,000 copies.

As evidencing the growth of this circulation, the report sets forth that from 1804 to 1817 the issue of bibles and parts of the bible averaged only 250,000 copies a year.

Of the 28,000,000 copies distributed last year, about half were printed in English. The rest covered 500 different languages.

Raid Gambling House for Women.

Chicago, Dec. 6.—A number of women fainted and others became hysterical and fought policemen in the raid of a gambling house conducted by women for women. Slips showing that more than $50 had been bet on horse races was confiscated. In the stampede at the entrance of detectives a few women escaped through a basement door. The officers finally arrested but two, charging them with operating a handbook.

Militancy Not Needed Here.

Washington, Dec. 6.—Dr. Anna Howard Shaw, president of the National Woman Suffrage association, outlined her views on militancy just before the close of the convention. She asserted that "militant methods never have been adopted and never will be used in this country to secure the ballot for women, because the constitutional method, the method of civilization will bring it about."

Wife of Commodore Granted Divorce.

Kansas City, Dec. 6.—Mrs. Adele Trowbridge Salisbury, wife of Commodore George R. Salisbury, U. S. N., retired, former governor of Guam, was granted a divorce here. The action was uncontested by the commodore. Allmony was not mentioned in the decree.

BUYING A PIANO

Unless you have a practical knowledge of pianos, the purchasing of an instrument is largely a matter of confidence in the judgment and business integrity of your dealer. Realizing this fact many persons have sought the advice and judgment of P. O. Landon; whose experience and musicial ability are well known in this community. This has led him to establish a regular piano business, using the Conservatory as ware and sales rooms. From the various makes that he has used in his teaching and concert work he has selected

THE SCHUMANN

As the one possessing the qualities of

Tone, Action, Durability and Beauty of Design

that most nearly comes up to his ideal.

The reasons why this piano possesses so many of the desirable qualities of a high grade piano are found in its construction and we will be glad to point them out to any one interested.

The manufacturers of the Schumann piano are sparing no expense to make their pianos the superior of most and the equal of any piano made in America. To any who doubt this statement we will be glad to place a Schumann beside any other make and compare tone with tone, action with action, construction with construction, etc. A COMPARISON of this piano with any other make will show that with pianos of the same price, the Schumann leads in quality, with pianos of a higher price, the Schumann will equal in quality at a less price.

The Schumann Player-Piano

Which is made entirely in the Schumann factory is a wonderful instrument, and to realize its capabilities one must hear and see the instrument itself.

The Schumann Piano Co. and the Landon Music Co. place an

Unlimited Warranty

Covering the points mentioned in the Ten Years' Warranty of other makes on these instruments.

We will be glad to show and demonstrate these pianos to any person and those unable to call during the day may make appointment by calling Mr. Landon or Mr. Guy Neal over the phone.

All to Hell Together.

A Georgia town has voted in favor of saloons, and here is the reason, as given by a citizen, says the Pineville Herald:

If we are going to stand for our women folks wearing shadow and slit skirts and our younger women learning to dance the boll weevil wiggle, Texas Tommy tango, the bunny hug, the bear dance, the half canter, the buzzard flop and so on down the line, the men folks might just as well have their saloons and the whole push go to hell together.—Ex.

The Mothers' club of Pickering has postponed its meeting from Friday afternoon of this week until the first Friday in January, when it will meet with Mrs. Roy Wolfers. This change is made on account of the weather.

Bride and Groom at Home.

Mr. and Mrs. Will Whitney, who were married Wednesday afternoon in St. Joseph, returned to Maryville Friday night and are at home with Mr. and Mrs. Harry Whitney, 122 South Prairie street. Mrs. Whitney was Miss Lena Herwick.

Honor Guest at the Robidoux.

Miss Hettie Anthony of the State Normal faculty will be the honor guest of a banquet at the Robidoux hotel in St. Joseph Saturday noon at 12:30, to be given by the Home Economics association of Northwest Missouri. Miss Jane Hinote, who is a member of Miss Anthony's June graduating class in domestic science, went with her and was a guest at the banquet.

For Miss Ritchie.

Miss Hazel Ritchie was the honoree of a bridge party and miscellaneous shower Saturday afternoon, with a 6 o'clock dinner and theater party at the Empire in the evening, given by Miss Maud Bainum, in recognition of Miss Ritchie's approaching wedding day. The guests were limited to members of the Young Ladies' Bridge club, of which the hostess and bride-elect are members, the other members of the club being Misses Marie Brink, Brownie Toel, Rena Sturm, Kittie Grems, Laura Barmann and Mrs. Oliver K. Bovard.

Social Was a Success.

The social given Thursday evening at the home of Rev. and Mrs. Gilbert S. Cox by the woman's Foreign Missionary society was quite a success. The bad weather did not prevent a good turn out, fully fifty people being there for one of the best times this season. A short devotional service was held first, conducted by Mrs. R. S. Braniger. One of the fun provoking things of the program were two numbers given by the "Superannuated Quartet," comprising Mrs. C. C. Corwin, Mrs. Milton Rittenour, Rev. Dr. W. B. Christy and O. C. Hanna. They sang "There's One More River for to Cross" and "The Exodus of the Israelites," and some of the folks thought they were going to be as long going through as the Israelites were in going through the wilderness and the ark in getting ready for the flood. But the singers gave such rousing good music that everybody enjoyed it fine. During the social hour the hostesses were Mrs. J. T. Linville, Mrs. J. F. Montgomery, Mrs. J. C. Archer, Mrs. John Curfman and Mrs. Frank Martin.

Linen Shower for Bride-Elect.

Miss Ada Albert, principal of the Jefferson ward school, gave a linen shower Friday evening at the Jefferson school in honor of her former coworker, Miss Hazel Ritchie, who is to be married Christmas day to Mr. John I. Hoffman, secretary of the Maryville Commercial club. Miss Ritchie has recently resigned her place in the Washington school. The guests were the twenty-three women teachers of the Maryville schools. The halls and rooms of the school house had been tastefully decorated in the Christmas colors, red and green, and was the work of the children of the three departments. On the arrival of the guests the bride-elect was required to conduct her final recitations, hearing two classes, one in geography and one in language, her pupils being the teachers. Those keeping the head of the class were rewarded with a Marechal Neil rose, Miss Sayler winning in geography and Miss Eckles in language. After this Miss Ritchie was required to be the sole member of a spelling class, the guests giving her words that a bride should be able to spell, and she proved her ability to do so and was also given a rose. As the day was the birthday anniversary of two of the guests, Miss Julia Denny and Miss Dena Hartman, the hostess presented them with roses. After the recitations came "recess" and luncheon time, of course. The guests were invited to the primary room where a table was handsomely laid, and lighted by red and white candles in candelabra, and adorned with white chrysanthemums and poinsettas. The luncheon was all in white, excepting the green mints. After recess and luncheon came the examination period, when Miss Ritchie opened the packages containing the "shower." The guests presented her with a complete luncheon set of cluny lace, and she received many other beautiful pieces in towels, scarfs and other articles dear to the heart of a bride. The guests were Miss Ritchie, Miss Melissa Casteel, Misses Laura Hawkins, Alicia Keeler, Helen Marie Wright, Donna Sisson, Edith Wells, Marjorie Hine, Phyllis Sayler, Allie Worst, Ora Eckles, Bertha Northcutt, Golda Airy, Mary Ford, Mamie Kane, Nelle Hudson, Mary Ogden, Ora Carpenter, Dena Hartman, Cecil Benight, Julia Denny, Maud Bainum.

Improved Their Residence.

Mr. and Mrs. M. M. Callahon, living east of Arkoe, were in Maryville Friday. They have just completed the installment of the acetylene light system in their residence, having forty-two lights, also an acetylene range in the kitchen and two burners for heating the bath room. They have added quite a number of improvements to their country place during the past year.

Court to Be Held Monday.

A session of circuit court will be held Monday before Special Judge W. H. Crawford. The case to be tried is that of the Maryville Mercantile company vs. J. S. Hedgecock, attachment on notes. A special venire of eighteen men has been summoned.

Mr. and Mrs. Ben Ingles of Pickering announce the birth of a 10-pound son Thursday night.

Sunday Services at Local Churches

First Presbyterian Church.

The pastor, Rev. S. D. Harkness, announces that Dr. J. H. Speer, synodical superintendent of home missions, will occupy the pulpit of this church Sunday morning and evening at 11 and 7:30. Dr. Speer is not a stranger to the Maryville church. His ability and the importance of his appearance here at this time assure him a large hearing. Dr. Speer will conduct a mission conference in the afternoon at 3 o'clock, and all interested in missions, especially members of the church and official committee are asked to come.

Our Sunday school workers are endeavoring to overcome the obstacle of this extremely bad weather, and secure 300 in class at Sunday school Sunday morning at 9:30. It is hoped the number of little folks who will be unable to come will be overcome in the attendance of adults.

The pastor, Rev. L. M. Hale, will preach on the subject "The Mission of the Redeemed" at 11 o'clock a. m.

The subject for the sermon at 7:30 p. m. will be "The Consummation of Salvation."

The choir will sing "How Excellent is Thy Loving Kindness" at the morning service.

Miss Marie Jones will sing "Come, Jesus, Redeemer," by Bartlett.

The B. Y. P. U. meeting at 6:30 will be led by John Davis. Subject, "The Ideal Christian—His Reward."

First Christian Church.

Church school at 9:30, G. B. Roseberry, superintendent.

On Monday, Tuesday and Wednesday nights of this week at 7 o'clock the minister will conduct Bible school conferences and a training school for workers. All Bible school teachers and officers of the church are expected to attend. All workers of the city are invited to be present.

Morning worship and communion at 11 o'clock. Sermon subject, "Ecce Homo."

Evangelistic service at 7:30. Sermon subject, "The Ruling Passion of Jesus."

Special music at all services.

Sunday Services at First M. E. Church.

Gifts will be the general theme of three morning sermons, beginning next Sunday "A Christian Gift;" December 14, "Unexpected Gifts: December 21, "The Greatest Gift."

The special music for Sunday will be an anthem, "We Would See Jesus," by Brackett. Evening anthem, "Jesus, Savior, Pilot Me," by Schnecker," and a duet by Miss Nellie Wray and the pastor, "Glory to Thee, My God, This Night," by Gounod.

The subject of the evening sermon will be "The Great Detective."

Did Not Know "Maryville Had It."

Judge and Mrs. Shamberger, living west of Graham, recently returned from a visit with Mr. and Mrs. E. L. Shoemaker, near Plattsburg, and were much taken with the lighting system in their residence. The host and hostess were surprised to find they did not know Maryville had a manufactory that could set up anything so satisfactory as their acetylene plant. As a result of Judge Shamberger's visit the Maryville company is putting in a complete lighting an dheating plant in his residence this week.

Mrs. J. B. Robinson and Chilton Robinson returned Saturday noon from Wichita, Kan., and St. Joseph where they had visited Mrs. M. J. Lloyd and Mrs. C. M. Chilton.

DR. PRICE'S CREAM BAKING POWDER

A pure, healthful, Cream of Tartar Baking Powder

When buying an article of food you are entitled to know exactly what you are buying—its quality and ingredients.

If this information is refused don't buy it.

Some of the low grade baking powders are advertised, but the ingredients of the powders are scrupulously concealed.

A housekeeper would not use a baking powder containing alum if she knew it.

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it.

Dr. Price's baking powder is absolutely free from alum.

PLAN TO HEAD OFF REBELLION

Importation of Arms Into Ireland Will Be Stopped.

Dublin, Ireland, Dec. 5.—The importation of arms into Ireland is about to be forbidden, according to the newspapers here. The issue of a proclamation to that effect is expected in a day or two. Augustine Birrell, chief secretary for Ireland, is here in conference with the Earl of Aberdeen, the lord lieutenant, and the result it is thought will be that the government will take this first step against the plans of rebellion of the followers of Sir Edward Carson, the Irish Unionist leader.

Shipments of rifles and bayonets in large quantities into Belfast have been on the increase during the last few weeks.

TWENTY-FOUR LIVES LOST

Crest of Brazos River Flood From Hearne to Richmond.

Dallas, Tex., Dec. 5.—The Texas flood center shifted southward toward the gulf, centering from Hearne to Richmond, where the flood crest of the Brazos river continued to do great damage. The total number of dead as a result of the floods is twenty-four. Estimates of property damage ranged between $1,000,000 and $2,000,000, with Waco and San Antonio the heaviest sufferers among the cities.

PUT TO DEATH WITH DYNAMITE

Captured Mexican Rebel Executed by Bomb.

HUERTAS ARE AT VERA CRUZ.

Family Left Mexico City Several Days Ago on Special Train—Dictator Went Part Way, but Left Train at Texcoco and Returned to Capitol.

Mexico City, Dec. 6.—A modification of the old method of tying men to the muzzles of cannon and blowing them to pieces was employed by the federals north of San Luis Potosi.

A captured rebel, supposed to have been one of the band which recently dynamited a troop train at Carneros, was given a summary trial by court-martial and sentenced to death. He was tied to the ground and a dynamite bomb placed beneath his body and exploded, tearing him to pieces.

The family of Provisional President Huerta is said to have gone secretly to Vera Cruz on Nov. 30. They are living quietly in that city, where their presence is known to only a few intimate friends. Huerta accompanied his family as far as Texcoco, a few miles out, returning to Mexico City in an automobile.

Villa Returns to Juarez.

El Paso, Tex., Dec. 6.—In anticipation of an important conference with General Carranza, head of the revolutionary government, Gen. ticipation of an important conhaving effected entrance to the town of Villa Ahumada, eighty miles south of the border. It is was said that recent events, such as the evacuation of Chihuahua and the further extension of rebel territory necessitated a more united understanding concerning future operations.

EMPEROR MOVES GARRISON

Soldiers in Zabern Are Transferred by Kaiser's Order.

Berlin, Dec. 6.—Emperor William ordered the transfer of the entire garrison at Zabern, Alsace, owing to the trouble between the soldiers and the citizens there. He also directed that the court-martial proceedings in connection with the recent rioting be accelerated.

His majesty's solution of the difficulty is regarded in many quarters as a two-edged sword. While it removes the danger of further conflicts, the people and merchants of Zabern will suffer a severe financial blow by the removal of an important source of revenue.

Later the emperor decided that the Zabern garrison should go into camp temporarily on the army maneuvering grounds at Hagenau, but that the troops might ultimately return to Zabern if its inhabitants displayed a proper temper after the expected transfer to another regiment of Lieutenant Baron von Forstner, the cause of the trouble, and the retirement from active service of Colonel von Reuter of the Ninety-ninth infantry regiment.

POSSE FAILS TO FIND LOPEZ

Third of Mine Searched and No Trace of Assassin.

Bingham, Utah, Dec. 6.—After searching a third of the Utah-Apex mine the posse which penetrated the stronghold of Ralph Lopez, slayer of six men, came out and announced to the thousands of expectant miners that they had found nothing to indicate that the crafty desperado was dead.

The places where his body most likely would have been were carefully gone over. The belief grows that once again the sheriffs of nine Utah counties and their hundreds of deputies had been outwitted by the man who several times since the pursuit began, Nov. 21, has risked capture in order to jeer at their efforts.

Carry 7,000 Rounds in Pockets.

New York, Dec. 6.—The jerky walk of two firemen going aboard the Ward liner Matanzas attracted the attention of customs guards. They searched the two. On each was found 7,000 rounds of ammunition, cleverly concealed in canvas vests. The ammunition was confiscated. The Matanzas is due to sail for Havana on Dec. 11. It is thought the ammunition was intended for the rebels in Mexico.

Alleged Blackmailers Arrested.

Ogden, Utah, Dec. 6.—Three men thought to compose a band of blackmailers who have terrorized Ogden and vicinity since the holdup of the Oregon Short Line train at "Five Points," on June 6, 1910, were arrested here. They are J. H. Martin, said to be the leader of the gang; his uncle, J. J. Martin, a farmer, and Harry Martin, the latter's son.

Holdup Men Given Forty Years.

Minneapolis, Dec. 6.—Charles Ballejo and Max Devore pleaded guilty to highway robbery in the district court here and were each sentenced to forty years' imprisonment at Stillwater. According to the police nine different persons identified the two men as having held them up and robbed them within ten days previous to their arrest.

BARNES FACTION IS VOTED DOWN

Radicals in Control of New York State Republican Conference.

New York, Dec. 6.—The radicals ruled the Republican state conference and forced the approval of a direct state-wide primary law. State Chairman William Barnes' motion to reaffirm the more conservative primary plank in the last Republican platform was defeated by a vote of 192 to 187.

The radicals, led by Henry L. Stimson, former secretary of war, split with Mr. Barnes and his followers over the question of retaining party conventions. The state chairman favored the direct nomination of congressmen, members of the state legislature and county and municipal officers, but would keep the state convention for the nomination of governor and the other officers on the state ticket. He wanted delegates to this convention chosen directly by the voters, who should have the right also to express direct preference for nominations for state officers if they so desired.

This did not suit Mr. Stimson and his friends and after a long debate they carried a small majority of the conference with them. The resolution adopted declared that all candidates should stand on an equal footing. It opposed the use of party emblems on the general election ballot and the factional column on the primary ballot. At the same time it expressed the belief in party organization and reiterated the doctrine of former Governor Hughes that the direct primary should be an adjunct to and a check upon, rather than a substitute for the deliberation and conference of the party's representatives.

DUN'S REVIEW OF TRADE

Mild Weather Restricts Retail Demand for Merchandise.

New York, Dec. 6.—Dun's Review of Trade says:

Complaints are still heard of the retarding influence of mild weather which restricts retail demand for seasonable merchandise. Holiday trade, however, has opened up well.

Apprehension of labor troubles at textile centers, notably at Fall River, has been removed, at least for the present, but scarcity of operatives keeps production below distribution.

Upon the removal of the tariff on wool at the opening of the month heavy withdrawals from bonded warehouses were made by manufacturers and dealers, yet the domestic situation is not affected by the change which had been fully discounted.

Cripple Dies on Brother's Back.

St. Louis, Dec. 6.—For two years Oliver Heuer, thirteen years old, and known by neighbors as "The Little Father," carried his invalid brother, Frank, ten years old, on his back ten blocks to and from school. Oliver's task is ended, for the little cripple died on his brother's back. Death from heart disease came while he was being carried home from school. "The Little Father" is inconsolable. He said he would rather have Frank back and the job of carrying him for life.

Taft Decides Rate Controversy.

Cincinnati, Dec. 6.—William Howard Taft, as attorney for the trustees of the Cincinnati Southern railway and as practically a referee in the controversy in which it was charged the Cincinnati, New Orleans and Texas Pacific road was discriminating against Cincinnati in freight rates, decided that the petitioners, the shippers and civic organizations of Cincinnati, had not made out a case strong enough to warrant the trustees taking action against the lessees of the road.

DR. ANNA SHAW AGAIN HEADS SUFFRAGISTS

Antis Have Inning Before House Committee on Rules.

Washington, Dec. 5.—Dr. Anna Howard Shaw of New York, president of the National American Woman Suffrage association, was re-elected for the eighth consecutive term at the annual balloting for officers of the association. Other officers elected were:

First vice president, Miss Jane Addam of Chicago; second vice president, Mrs. Desha Breckinride of Lexington, Ky.; third vice president, Mrs Runtz-Rees of Greenwich, Conn.

Recording secretary, Mrs. Susan Fitzgerald of Boston.

Corresponding secretary, Mrs. Mary Ware Dennett of Boston.

Treasurer, Mrs. Katherine Dexter McCormick of Boston.

Women opposed to equal suffrage had their inning before the house committee on rules to protest against the resolution championed by the women suffragists which would create a suffrage standing committee in the house of representatives. Scores of women from various parts of the country appealed to the committee not to grant the suffragists' plea.

100,000 JOBLESS IN CHICAGO

City Board Will Ask State Relief for Idle Men.

Chicago, Dec. 5.—Dr. Charles R. Henderson, chairman of the city committee on unemployment, will present to the mayor and city council within a few days recommendations for relief of nearly 100,000 unemployed men now in Chicago, according to his estimate. Unless something is done soon, Dr. Henderson will say, crime, starvation, and death will result.

If permitted, Dr. Henderson said the committee would try to secure state legislation for relief of the unemployed. The situation, he said, had grown grave, being nearly 50 per cent worse than last year.
